Congratulations

Oceanna Greaves on competing at the State Cross Country.

We are very proud of you. 28th position is a remarkable achievement!

Dear Families and Friends,

It is clear returning to school that staff and students have had a restful break over the holidays. Despite the weather the term has begun without a hitch and students appear very happy to be back mixing with their friends. Class newsletters are sent home this week to provide parents with a good understanding of calendar events for the term, but in particular, the learning that is to take place. We are excited to welcome Sarah Waite (Student Wellbeing Officer), Chelsea Bulmer (Foundation and Year Two Teacher), Luke Bates (Returning PE and Classroom Teacher) and Elle Whelan (Tutor) to the teaching team for Semester Two.

Many thanks to **Cal Lee and Kat Middleton** for their generosity in **volunteering** to remove the old playground equipment over the break. We are very grateful for their assistance. They prepared the area for the construction of the new all abilities play equipment which was built over the break. This new playground has been funded by the work of our Parents and Friends committee from previous fundraising and we are pleased to provide another play option for our senior students.

As most of you would be aware, Dave Williams, passed away last week after his struggle with cancer. Dave was always a very supportive parent of the school. A busy man, but always positive and willing to lend a hand when time permitted. Our prayers and thoughts go out to Bec, Taylah, Hudson and Mackenzie at this difficult time.

Making family meals enjoyable - <https://raisingchildren.net.au>

Benefits of family meals

Family life can be busy, and preparing and sharing family meals together takes time. But when you can manage it, regular family meals are worth the effort.

Whether it's nightly dinners or a special Sunday lunch, family meals are perfect times to **catch up, connect and communicate with each other**. This can be especially important for busy older children and teenagers.

Your child can also **learn a lot about food, eating and family traditions** by watching what you do at mealtimes. For example, eating with the rest of the family helps younger children learn to eat the same healthy food as everyone else. It can encourage picky eaters to try new foods.

And you can use family meals to **model the behaviour you want to see** when your family comes together. This is about learning to use spoons, forks and chopsticks for younger children. It's also about things like taking turns to talk and listening while others share their news.

Yesterday, **Oceanna Greaves** competed for St Brendan's in the State Cross Country finals. Oceanna is a remarkable athlete, and she works hard at improving her endurance. She competed on a very muddy track and finished 28th in the state. Well done, Oceanna!

Our year two – six students will all be participating in **cyber safety** webinars and education in week three of this term. It is important that families speak about the messages from teachers and from the resource of Inform and Empower. Please use the following Inform and Empower suggestions to set boundaries in the use of technology.

1. Make sure devices are used in communal areas of your home and no devices in bedrooms.
2. Ensure there is active supervision when kids are on devices (means an adult must be present and checking in regularly).
3. Set parental controls on all devices, games and apps. Parental controls are usually found in the settings. They can be enabled and password protected to ensure your child is playing the safest version. For example, Roblox can be made significantly safer by enabling the simple setting called “restricted mode” (designed for under 13s).
4. Remind your children about the risks of talking to or messaging people they do not know offline (even if they seem really nice!).
5. Reduce the risk of exposure to inappropriate content on YouTube by using the YouTube Kids app as long as possible and if allowing access to YouTube ensure that restricted mode is enabled. I also recommend, where possible, to cast YouTube to a TV for better adult supervision.
6. Delay kids having any social media accounts of their own! If you are looking for a messaging app for under 13s, then consider Messenger Kids (by Facebook).
7. Any time your children come to you with a problem, stay calm, take a few deep breaths and be curious instead of furious. Remember this is a teachable moment, an opportunity for your child to learn to make more healthy decisions and even more important than that, learn to trust that they can come to us.
8. Be firm when setting boundaries and even when kids say “everyone else is on Snapchat” or “all my friends are playing it”, make your decision in line with what they need and not what they want. Which can be very different!
9. Don’t give in! Visit Kids Helpline with your kids before there is a problem so they are comfortable doing so when they may need it.
10. Download the free, parent friendly Beacon app to help with all things digital.

Once again, there are so many exciting experiences taking place for our students this term. Next week, our Foundation students are off to a performance at the **Forge Creek Theatre**, Year Five students are trekking to Nagle for a **production of Annie** and on Friday our Year Two students are on an **excursion to Buchan**. It’s all happening!

Kind regards,
Matthew Hamer

On the last day of school there was an amazing, funny, cool, Hawaiian disco. We had a blast, we had hot dogs, we got to dress up and got to show our cool moves on the dance floor. There was a dance competition and Grade 3/4 won with the song "Who let the dogs out?". My favourite part was when we got to dress up and we got to do a photo shoot. It was really fun and I hope we can do it again next year!

Year 6 - Melbourne Camp

By Piper Crawley and Isobel Mills

On the 14th of June 2024, Year 6 went to Melbourne Camp. The bus ride was 4 hours long but luckily we stopped at Rosedale for morning tea and a quick toilet stop then we hopped back on the bus and left for the Aquarium. When we got to the Aquarium we split into two groups and went on our tour around the Aquarium. It was fun to look at all the different sea creatures and all of the different types of fish. When we finished there we went to the Miami Hotel to get unpacked and changed for dinner and Clip and Climb. We went to La Porchetta for dinner and had some delicious pizza. Dinner was amazing but now it was time for CLIP AND CLIMB! At Clip and Climb we got to go on all of the amazing rock climbing walls and we got to go into the caves for a while. The next morning we woke up and made our way to the Old Melbourne Gaol to find out cool and crazy facts about Ned Kelly and prisoners in the olden days. Next, we went to Science Works to see the Planetarium room, the lightning show and time to look around. Afterwards, we went to the hotel to get ready for MSAC and dinner at the Chinese restaurant where we shoved our faces with amazing food such as: honey chicken, rice, dumplings and spring rolls. After dinner we went to MSAC to swim around and have fun on the diving board inflatables and wave pool. The next morning we headed off to the Melbourne Art Centre. One group did a music workshop and the other did a drama workshop, both were really fun and we had a blast. Next up on our agenda was to MCG tour and meeting an Olympian. The Olympian we met was Coral Bently, who was a synchronised swimmer at the 2008 Beijing Olympics. The MCG was really fun but sadly we had to go, but on the bright side we got to go get our dinner at the Southbank Food Court. Once we finished dinner we started to walk to the movies. Once we got there we took our seats and watched the movie Inside Out 2. The next morning we went to the Vic Market and spent our money. When we finished spending we headed home to our parents. A big thank you to Mrs Bromilow, Miss Terry, Mr Hamer, Fi and Owen for coming on this camp with us and setting up this camp for us.

The 2024 Victorian Premiers' Reading Challenge is now open and St Brendan's is excited to be participating. The PRC application offers a range of exciting features including:

- access to a library catalogue (including book images and blurbs)
- a modern user-friendly interface
- rewarding students with badges as challenge milestones are achieved
- the option for students to mark books as a favourite, give them a star rating or complete a book review

The Challenge is open to all Victorian children from birth to Year 10 in recognition of the importance of reading for literacy development. It is not a competition; but a personal challenge for children to read a set number of books by 6th September, 2024.

Children from Foundation to Year 2 are encouraged to read or 'experience' 30 books with their parents and teachers. Children from Year 3 to Year 10 are challenged to read 15 books.

All children who meet the Challenge will receive a certificate of achievement signed by the Victorian Premier and former Premiers.

To view the booklist and for more information about the Victorian Premiers' Reading Challenge, visit:

The Premiers Reading Challenge has an online recording system which is intended for students to enter their books at home.

Students wishing to participate, need to send Katrina an email at:

They will then be emailed their username, password and details to access the online computer system.

Collecting Students from School Grounds – Child Safety As you would understand, child safety is the number one priority for schools. As circumstances evolve, we want to ensure we have the best possible practice in place. Please note the following requirements for collecting students at the end of the day.

Collecting from the church gate – (New arrangements)

Students in years Foundation, One and Two will remain with their class teacher at the end of the day just outside their classroom. The church gates will be open at 3.15pm, at which time parents are required to enter the school grounds to collect their children from the class teachers. This action is in place to avoid situations where students leave the school grounds and run into the church gate car park area without an adult being present.

Collecting from the administration office

Please enter the gates and collect your child from the junior classroom area or your child from years Three to Six may meet you just inside the gates. Students are not to leave the grounds and cross the car park area without an adult walking with them.

If dropping students off in the morning, you must also walk them into school. Please do not use the disabled parking bay without permission to do so.

Collecting from car line

Typically, St Brendan's staff are there to organize students into cars at the end of the day. If you wish to park and collect your child, please use the crosswalk and an adult must walk with their child/ren. Drop off at the beginning of the day should take place at the bus stop area.

Thank you for your assistance in this matter.

THE LIBRARIAN

Friday 13th September
6.00pm

At first glance, Paul-Emile Dumoulin seems like just a regular librarian. He is serious, proud and very orderly. Every book is in its place on his impeccable shelves. The only problem? As soon as Paul-Emile gets his nose in a book, reality disappears, giving way to the slightly crazy worlds he discovers between the pages.

On his adventures, the very sensible librarian suddenly turns into strange and silly characters who perform acrobatics, balancing, juggling, break dancing and beatboxing.

This show blends clowning, physical theatre and the circus arts. It invites young audiences to discover the passion of reading and the power of the imagination.
