## SEASON OF CREATION PRAYER

Triune God, Creator of all,

We praise you for your goodness, visible in all the diversity that you have created, making us a cosmic family living in a common home. Through the Earth you created, we experience love and nourishment, home and protection.

We confess that we do not relate to the Earth as a Mothering gift from you, our Creator. Our selfishness, greed, neglect, and abuse have caused the climate crisis, loss of biodiversity, human suffering as well as the suffering of all our fellow creatures. We confess that we have failed to listen to the groans of the Earth, the groans of all creatures, and the groans of the Spirit of hope and justice that lives within us.

May your Creator Spirit help us in our weakness, so that we may know the redeeming power of Christ and the hope found in him. May the groans of the Spirit birth in us a willingness to serve you faithfully, so that we may hear and heal Creation, to hope and act together with her, so that the firstfruits of hope may blossom.

Loving and Creator God, we pray that you will make us sensitive to these groans and enable us to have the same compassion as that of Jesus, the redeeming Lord. Grant us a fresh vision of our relationship with Earth, and with one another, as creatures that are made in your image.

In the name of the one who came to proclaim the good news to all Creation, Jesus Christ.

Amen.

FATHER'S DAY BREAKFAST 2024

FATHER'S DAY BREAKFAST 2024

On the 3rd of September, I went to the Victorian state Vicspell grade 6 Spelling bee. Me and 3 of my family members went to St. Paul's in Traralgon for the state champion spelling bee. I competed with 8 other students, from Cowes, Tulliallan, Sale, Bayles, Traralgon, Guthridge, and Brentwood park. I made it to the final 2, at some point, we both got words correct, correct, incorrect, incorrect. Yohan got satellite incorrect, adding a double 't' instead of double 'L', the sponsors gave me cartilage, and I spelt it correctly, winning! They gave me a glass trophy that read "State Champion" and two dictionaries, one from A-L and the other from M-Z. Our sponsors were Trevor Sowdon, Norman McIennan, and Patrick from Oxford university.

# Grade 3/4 Red Nursing home visit

On the bus on the way to the nursing home we were feeling energetic and excited, we had never been there before with school. When we got there we noticed that the gardens were very colourful and full of flowers. Inside the nursing home we were greeted by Charlie who took us to the residents games room and introduced us to Gwenda, Adeline, Inga, Peta and a few others. We took it in turns talking to them and sharing with them some of our writing pieces. There were games and activities to play with each other and the residents. Some people did painting, bowling, bracelet making and played Jenga. Before we left we sang 'My Lighthouse' to them, they thought our singing was very entertaining. We felt happy after we had left because we thought we had brightened their day by visiting them. We hope we can go again.

For the past two weeks, Grade Six have been learning to show and not tell. We had to describe a character, setting and what they are doing using emotive language. Each person in Grade Six used their imagination to create a paragraph about a girl watching television in a dark room. It has been lots of good fun hearing other people's stories and getting inspiration from them . By Jess

## 6 Red Writing

### The Sudden Noise by Jess

The sun started to dim from the sky as the afternoon turned to dusk. A young girl was curled up in the corner of her room with her eyes glued onto the horror television show. As she was sitting, the girl heard a sudden thump coming from her room and thought nothing about it. But, the noise happened again so the girl with all her might ran straight to the basement thinking she was safe. She was not. A shiver crawled up her spine while she was sitting next to all the coals gathered up in a pile. One piece of coal came tumbling down the large pile hitting the girl's toe." How did the coal tumble down?" The girl wondered " I certainly did not touch it'. Her head started to be bombarded with thoughts " Was it a ghost?" " Is there wind in the basement?". An hour passed and the girl thought the mysterious noise had gone, but now it was coming from the front door. The girl grabbed a wooden spoon as a weapon and was prepared to fight for her life. Slightly, the door opened with a small creak . The girl looked up and saw a tall man and woman gazing down at her. A couple seconds later the girl realised that it was her parents and that they went out for dinner. They all laughed realising that the noise was nothing but her parents , just trying to unlock the house.

...

### ALONE NIGHT by Isobel

In the murky room, the sun shined so bright because it was still noon. A girl huddled up in the corner began munching and crunching on her sandwich while watching a scary movie. Just as it got to the scary bit, she heard the rain crashing on the rooftop. Flicker flacker the TV went. BANG the bedroom door slammed shut leaving her in sudden darkness. The girl didn't flinch, and began investigating the noises. She opened the door with no fear. A slow creepy creek filled her ears, footsteps began thumping upstairs. She felt her hairs lifting. She figured if she stayed hidden whoever was there wouldn't see her. Rushing, she thought of hiding under a blanket but it was no use. Luckily she was very prepared and had a wheelie chair that was perfect to break windows. The glass shattered, and she was just about to jump out when the door suddenly opened. She let out a short and sharp scream causing the person behind the creaky door to jump back and go tumbling down the stairs.

Confused, she didn't know what to do. She continued to find somewhere to go. "12 metres down" she measured. Screaming at the top of her lungs, she jumped down and hurt her leg. She let out an ear splitting cry, she couldn't walk another step. Her eyes widened when she saw the blood gushing out her knee. She tried to run but instead she collapsed down to the ground again.

## 6 Red Geography

This term in Geography, we have been studying the Lakes Entrance Golf Course. This week we have been mapping the golf course. Everyone has picked a different part or a golf hole for the map. On Friday the 6th we are having an excursion to the golf course. We made up some questions for Stewie to answer. These are the questions: How many people play golf? Why is the number of golfers decreasing? Does the golf course impact the natural environment? How has the land use changed over time? And we have many more questions. We are all very excited to go to the Lakes Entrance Golf Course.

## A SPECIAL REPORT: R U OK?Day

Understanding the growing challenges related to mental health among young people is an important consideration. Anxiety, depression and self-harm - are all causes for concern. Factors like academic pressure, social media, family dynamics, and societal expectations, are contributing to these issues. It's therefore crucial for parents and caregivers to take action early, remove the stigma around discussing mental health, and offer accessible support to address these issues and the wellbeing of their children.

R U OK?Day is an initiative that focuses on preventing suicide by encouraging meaningful personal connections and helping informal support networks to help recognise the signs of distress. We urge all families to take part, emphasising the value of genuine human relationships and reminding everyone to ask the important question, "Are you OK?"

Engaging in R U OK?Day activities goes beyond the classroom; it's a commitment to our students' overall development. By talking openly about mental health, schools create safe spaces where students feel understood, valued, and supported. As parents and caregivers, you can contribute by fostering open conversations, normalising feelings and breaking down mental health stigmas. Participating in R U OK?Day promotes compassion and shows our dedication to the wellbeing of the entire school community, reaffirming that together, we can truly make a difference.

This Special Report provides guidance on how to talk to your child about mental health and engage in meaningful discussions.

We hope you take time to reflect on the information offered in this Special Report, and as always, we welcome your feedback.

**If you do have any concerns about the wellbeing of your child, please contact the school for further information or seek medical or professional help.**

**Collecting Students from School Grounds – Child Safety** As you would understand, child safety is the number one priority for schools. As circumstances evolve, we want to ensure we have the best possible practice in place. Please note the following requirements for collecting students at the end of the day.

**Collecting from the church gate – (New arrangements)**

Students in years Foundation, One and Two will remain with their class teacher at the end of the day just outside their classroom. The church gates will be open at 3.15pm, at which time parents are required to enter the school grounds to collect their children from the class teachers. This action is in place to avoid situations where students leave the school grounds and run into the church gate car park area without an adult being present.

**Collecting from the administration office**

Please enter the gates and collect your child from the junior classroom area or your child from years Three to Six may meet you just inside the gates. Students are not to leave the grounds and cross the car park area without an adult walking with them.

If dropping students off in the morning, you must also walk them into school. Please do not use the disabled parking bay without permission to do so.

**Collecting from car line**

Typically, St Brendan's staff are there to organize students into cars at the end of the day. If you wish to park and collect your child, please use the crosswalk and an adult must walk with their child/ren. Drop off at the beginning of the day should take place at the bus stop area.

Thank you for your assistance in this matter.

From Woolworths Cricket Blast through the Junior Cricket stage, all kids can advance their skills and discover how awesome it is to be part of a team through fun game-based activities. The stages have been developed based on academic research, testing and community feedback.

This includes consideration for physical, mental and emotional development. Participation and progression through the stage is based on ability level, therefore the ages are indicative only. Players are encouraged to participate at a stage appropriate for them.

## THE LIBRARIAN

Friday 13<sup>th</sup> September  
6.00pm

At first glance, Paul-Emile Dumoulin seems like just a regular librarian. He is serious, proud and very orderly. Every book is in its place on his impeccable shelves. The only problem? As soon as Paul-Emile gets his nose in a book, reality disappears, giving way to the slightly crazy worlds he discovers between the pages.

On his adventures, the very sensible librarian suddenly turns into strange and silly characters who perform acrobatics, balancing, juggling, break dancing and beatboxing.

This show blends clowning, physical theatre and the circus arts. It invites young audiences to discover the passion of reading and the power of the imagination.
